Sheriff's Department

E911 Coordinator Angie Fode reported on damage to an antenna from a recent storm. A quote was received from Day Wireless for repair, as well as a stabilizing support, in the amount of \$1,800 plus tax. **Board consensus authorized Fode to move forward with the repair.**

Sheriff Wagner and Undersheriff Coronado met with the Board to review several technology items they would like to utilize in the Sheriff's Department including:

- Computers – Deputy Barnes is currently utilizing a test computer in his patrol car. Sheriff Wagner has the potential to receive used computers at no cost to Adams County from another Sheriff's department with Adams County being responsible for brackets and other installation costs;
- Video arraignment;
- Live scan upgrades (fingerprint machine) – the cost to upgrade the discarded machine from the City of Othello will be \$1,100 to be paid out of the Sheriff's Department small tools budget;
- The addition of shelving in the Sheriff's Department basement; and
- A Spillman upgrade.

Sheriff Wagner will continue to explore equipment at low or no cost as well as funding options.
