RE: DAHP Log Number 2018-02-01927 Rattlesnake Flat Wind Project Work Plan and Record Search, Revised March 16, 2018

Dear Ms. Kaehler:

Historical Research Associates, Inc. (HRA) is sending this letter on behalf of Rattlesnake Flat, LLC. Its purpose is to request your review and concurrence with the definition of the area of impacts (AI), as well as the revisions to the work plan, and record search requested by yourself in a letter dated February 22, 2018. We have also revised both documents to address comments made by Guy Moura, THPO, Confederated Tribes of the Colville Reservation via e-mail on January 30, 2018.

We plan to begin our archaeological survey on April 3, 2018, so that ground visibility is maximized (as requested by the Confederated Tribes of the Colville Reservation).

Please let us know if you have any questions or would like to have a meeting to discuss our project and work plan. I can be reached at 206.343.0226.

Sincerely,

Lynn Compas
Sr. Archaeologist
