RCW 65.04 allows recording of nonstandard documents for an additional fee of \$50.00. "Nonstandard" refers to documents that do not meet margin and format requirements. The legislation does not include recording of documents that do not meet legibility requirements.

Those documents submitted for recording that are not legible as defined by RCW 65.04.015 will not be accepted for recording under any circumstances. All nonstandard documents must have a cover sheet which meets 1st page margin requirements and contain a statement signed by the requester to read substantially as follows:

"I am requesting an emergency nonstandard recording for an additional fee as provided in RCW 36.18.010. I understand that the recording processing requirements may cover up or otherwise obscure some part of the text of the original document."
