Barger

Sheriff Barger along with Jail Administrator Banner reiterated the departmental request to create a "dispatch supervisor position". Barger noted that the number of staff currently being supervised by the jail administrator exceeded acceptable standards for law enforcement work. Reducing off duty calls from staff, increasing overall staff efficiency, and handling situations as they arise were all noted as anticipated improvements should the position be created and filled. A timely response from the board was requested

The Board authorized Sheriff Barger to consult with Prosecutor Flyckt to secure a labor law attorney to handle those personnel matters that are beyond the scope of Human Resources.
