Solid Waste

Todd O'Brien, Scott Yaeger, and Dennis Sackmann reviewed and discussed solid waste trucking – county haul v. contracted haul. Currently Adams County hauls approximately 17,000 tons of solid waste to a regional landfill in Klickitat County. Beginning July 1, 2011, the county will begin hauling waste to Arlington, Oregon. A sheet noting "assumptions" was distributed and each of the options was reviewed. Additional information on purchase v. lease of trailers and tractors as well as information following talks with the county's current contracted hauler (Villarreal Trucking) will be forthcoming before any decisions are made.

Pet Rescue

A 'first draft' preliminary plat map for the proposed construction of a Pet Rescue facility was shared with the Board. Engineer Yaeger reported that upon initial brief review some boundary lines will require adjustment as well as access points will need to be identified and shown. No action was taken or scheduled at this time.
