**McManamon Road Bridge**

John Culton, Eastern Washington Director for US Senator Patty Murray, met with the Board to review the progress of the McManamon Bridge project.

Additionally Public Works Director O'Brien; Engineer Yaeger; Prosecutor Flyckt; and, Economic Development Director McFadden were in attendance.

In order to move forward, Adams County needs an agreement, either an assignment or through a quit claim deed, from the US Department of Reclamation to be able to re-build the bridge in its current location. In

turn, it is necessary for FHWA to accept the assignment documentation. To date, Engineer Yaeger has not been able to determine if the above process would be sufficient documentation for the Federal Highway Administration to allow the county to proceed with bridge construction.

Mr. Culton will facilitate a telephone conference in the near future, with all parties involved, in a further attempt to resolve this matter.
